Education

- **Indian Institute of Information Technology** Jabalpur, India
Bachelor of Technology | Computer Science And Engineering Aug 2024 – Ongoing
- **Relevant Courses:** Data Structures and Algorithms, Database Management Systems, Data Science, Computer Architecture, Discrete Mathematics, Design and Analysis of Algorithms, Embedded Systems and IoT, Computer Networks

Achievements

- **CODEFORCES: Specialist** | **Rating: 1422** | **660+** problems solved on CodeForces
- **CODECHEF: 3★** on Codechef | **Rating: 1607** | **400+** problems solved on CodeChef
- **LEETCODE: Rating:1720** | **230+** problems solved on Leetcode
- Best global rank of **2531** in CodeForces Round 1109 contest, competing against **22,000+** contestants
- Best global rank of **385** in CodeChef START200 contest, competing against **24,000+** contestants
- Best global rank of **895** in LeetCode Weekly Contest 508 competing against **28000+** contestants
- **1300+** problems solved on Data Structures And Algorithms across multiple platforms

Projects

- **AI-Assisted RAG-Based YouTube Video Chatbot** [GitHub](#)
 - Built an AI-powered web app enabling users to ask questions about any YouTube video using its auto-fetched transcript as context
 - Integrated Google Gemini API (gemini-2.5-flash) for natural language Q&A with multi-turn conversation memory across the session
 - Automated multilingual transcript extraction with automatic language-fallback; real-time chat UI with embedded video playback
 - Implements a simplified RAG pipeline – fetch transcript, inject as LLM context, query model – requiring no vector database
 - **TechStack used:** Python, Streamlit, Google Gemini API,Git
- **DigiGate – Digital Campus Entry/Exit Management System** [GitHub](#)
 - Developed a QR code-based campus entry/exit management system replacing manual paper registers with real-time digital verification
 - Implemented role-based access control for Admin, Guard, and Student roles with live gate monitoring dashboards
 - Integrated timestamp-based QR validation to prevent replay attacks and ensure tamper-proof and secure authentication
 - **TechStack used:** React.js, Node.js, Express.js, PostgreSQL

Skills Summary

- **Languages :** Python, C, C++, JavaScript, HTML, CSS, SQL, Java, PHP, Bash
- **Frameworks & Libraries :** React, Node.js, Express.js, MongoDB, Streamlit
- **AI/ML :** Google Gemini API, Prompt Engineering, RAG (Retrieval-Augmented Generation), LangChain,LangGraph
- **Tools :** Git, GitHub
- **Databases :** MySQL, PostgreSQL
- **Soft Skills :** Leadership, Event Management, Public Speaking, Time Management

Volunteer Experience

- **Jagrati** Jabalpur, India
Regular Member Apr 2024 – Present
Social club of IIIT Jabalpur providing free education to underprivileged students in nearby villages
- **HackByte 3.0** IIIT Jabalpur
Volunteer April 2025
Led PR initiatives for IIIT Jabalpur’s flagship hackathon driving a substantial increase in registrations; assisted in seamless on-ground execution and logistics management during the event
